Ranking and Points

The first place is the team with the least penalty points in the total of the second and third days and the least time in the 2nd round of the 2nd day, and the points are calculated according to the total starters.

<u>1st Place</u>: Gets points according to the number of teams participating in the event, plus a point.

(E.g. : The number of teams in the event is <u>10</u>, the first place gets <u>11</u> points)

<u>2nd Place and the next</u>: Gets points according to the number of teams participating in the event, minus a point.

(E.g. : The number of teams in the event is <u>10</u>, the 2nd place gets <u>9</u> points, the next minus one (<u>-1</u>), and the last one gets <u>1</u> point)

The points of the teams are calculated for the best <u>4</u> results of season 23/24 during the (<u>5</u>) five events, and the top <u>75%</u> of the teams for each level qualify according to the general ranking of the league points minimum of 8 teams.

Jumping Champions League Final

1) First Day

- One round "not against the clock".
- The three riders of the team participate and the result of the best two riders will be counted.
- Start order is in reverse order for league total points.

2) Second Day

- **Two** identical rounds "**First** Round: <u>Not</u> against the clock, **Second** Round: <u>Against</u> the clock".
- The three riders of the team compete and the result of the best TWO riders will be counted.
- Start order is in reverse order of team penalty points of the first day.

The sum of the penalty points of the First and Second days and the time of the Second round of the second day determine the ranking of the teams, and **<u>Double</u>** points are calculated based on the general ranks of the teams, in addition to the points obtained by the teams during the season 23/ 24.

(**The first five teams with the highest points in each level qualify for the third and final day**)

Jumping Champions League Final

3) **Third day**

- Two rounds are non-identical, against the clock in the second one.
- Only TWO riders participate/ compete for each of the **Five** qualified teams.
- The starting order into the first round is in reverse order of the total points obtained by the teams till the 2nd day of the final.
- The starting order of the second round is in reverse order of the penalty points of the first round. In the case of equal penalty points, according to the starting order the first round.

The teams with the first THREE places in each level are placed Jumping League Champions for season 23/24 according to the total penalty points of the two rounds and the time of the second round for each team.

"All teams will start the final round with ZERO penalty points"
